M & G Productions is a new voluntary organisation, established in January 2015. We organize events that explore and promote inclusion, networking, and motivation of the marginalized and unemployed over 18's with creative talents in the Milton Keynes community.

Our objective is to organize workshops, and events that will showcase group projects or productions of our participants, to Creative Media Organisations that will attend the events. This will enable participants pursue or create employable opportunities in their individual skills.

This work has been supported by funding from the MK Community Foundation.
